3 simple rules :

~ Ramji Subramaniam
Managing Director

A magical way of life, now made possible. Only at Sowparnika Ashiyana.

Ashiyana is the '**Magic Land**' which most people have always wished for. A place where worries of a hard day's work '**magically**' disappear, giving its resident sample time to spend with their loved ones. And experience the joy of owning a home to the fullest.

The city of Bengaluru is seeing an increasing number of youngsters who are planning to own their home in this tech-hub. As youngsters, they have very little experience in buying a home and are willing to interact with a brand that takes into account their key needs such as ease of ownership, a promise to make life hassle-free, and above all quality of workmanship.

This group apart, senior citizens who need assistance with their day-to-day activities are also planning on moving to Bengaluru and make this '**pensioner's paradise**' their home.

Sowparnika Ashiyana aims to cater to the needs of these homebuyers through its sprawling integrated township planned near Hoskote.

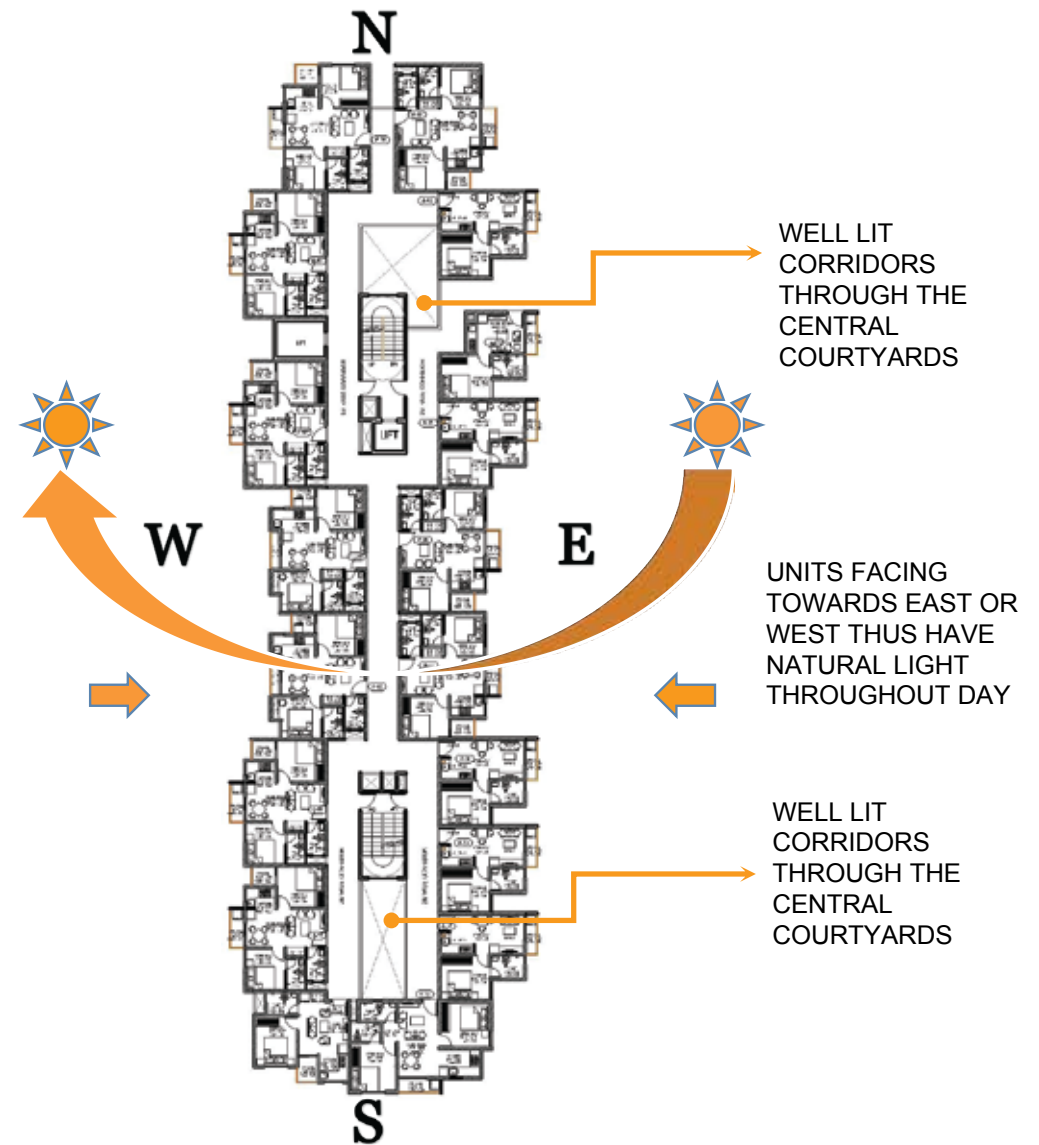

Experience uncompromised living

Some of the significant design principles applied are listed as follows:

1. Ambient Airflow inside the central open to sky courtyards and the wide corridors improves the indoor ventilation.
2. Units facing towards east or west thus have natural light throughout day.
3. Maximizing the opportunities to use solar energy.
4. Compact plan forms reduce infiltration losses.
5. Well lit corridors through central courtyards.
6. Optimized glazing ratios for heat gains and lighting with a simplistic design and lesser offsets.
7. Optimizing on the number of doors and sizes of windows.
8. The wet core areas, such as toilets and kitchen are clubbed together.
9. Optimizing room sizes and heights.
10. Create multipurpose spaces.
